FAMILIES

Families experience homelessness for many reasons. Cornerstone Community Outreach (CCO) believes that everyone deserves safe, affordable housing, and while that is being established, everyone is entitled to safe shelter, nutritious meals, and personalized case management services. CCO operates two family shelters and offers a total of 185 shelter beds to

families experiencing homelessness. We are glad to assist our families with wrap-around services as they face complex problems. CCO is grateful to provide shelter and critical assistance to homeless families of all descriptions.

SINGLE ADULTS

Cornerstone Community Outreach is privileged to welcome, shelter, and offer wrap-around services to 65 men and 80 women who are experiencing homelessness. Each shelter guest is given a case manager who works to ensure that residents get the assistance they need to help stabilize their lives and find hope for the future.

SERVICES TO OUR NEIGHBORHOOD

- The CCO Food Pantry offers nutritious food to over 150 households each week.
- The Cornerstone Free Store is open for shelter guests and neighbors to "shop" through a wide selection of clothing and household items.
- The CCO Dinner Guest Program serves a hot, nutritious meal to anyone in need each week.

WRAP-AROUND SERVICES

Every person who comes through the doors of CCO has a unique history. The homeless father with children, parents with teens, pregnant women, people of all orientations, the elderly and aging, the physically challenged, are accepted at CCO. Case managers work alongside single adults and families to create individualized goals and assist with job training and referrals, education, transportation, benefits assistance, mental and physical health referrals and more. These wrap-around services are the stepping-stones to permanent housing and a stable future.

Our mission at CCO is to help people recover from the hardships of homelessness with dignity while helping them restore their God-given worth and self-esteem.

250+ HOMELESS FAMILIES & INDIVIDUALS MOVED TO

PERMANENT HOUSING

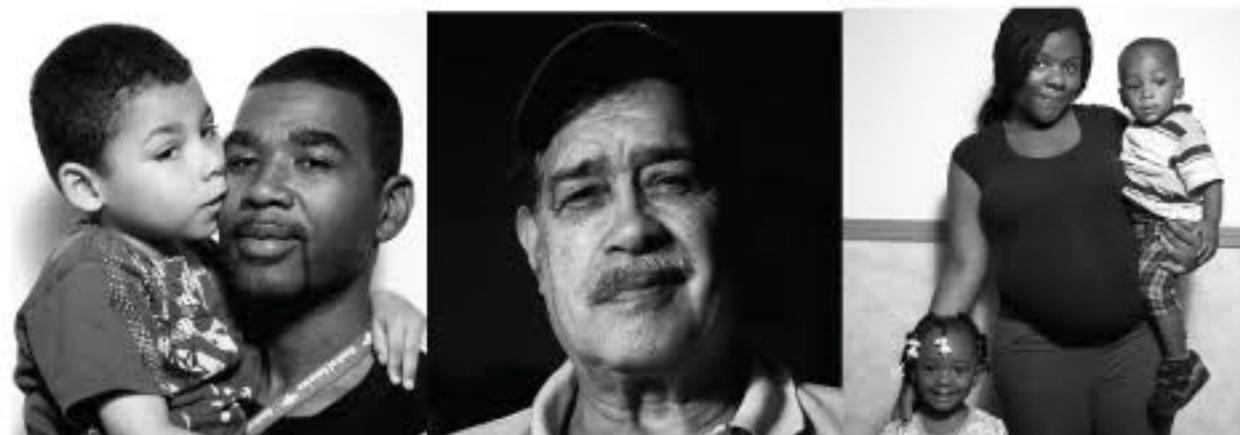

Last year, over 250 people moved from homelessness to permanent housing through one of CCO's shelter programs. We rejoice with every one of our residents who are able to turn a key and enter their new home, whether it is a mom or dad with children, single senior citizen, couple with children, three-generational family, or young adult. Each success is a cause for celebration!

"THANK YOU, CORNERSTONE, FOR ALL YOUR HELP! NOT ONLY FOR THE HELP OF SHELTER AND HOUSING BUT FOR LIFE IN GENERAL! KEEP UP THE GOOD WORK!"
